Quicken for Windows

Express Web Connect Conversion Instructions

As ***Heritage Bank of Commerce*** completes its system conversion, you will need to modify your Quicken settings to ensure the smooth transition of your data. To complete these instructions, you will need your login credentials for the ***Heritage Bank of Commerce*** online banking.

It is important that you perform the following instructions exactly as described and in the order presented. If you do not, your service may stop functioning properly. This conversion should take 15–30 minutes.

This update is time sensitive and can be completed on or after ***April 7, 2014***

Conversion Preparation

- Backup your data file. For instructions to back up your data file, choose **Help** menu > **Quicken Help**. Search for ***Backup Data File*** and follow the instructions.
- Download the latest Quicken Update. For instructions to download an update, choose **Help** menu > **Quicken Help**. Search for ***Update Software*** and follow the instructions.

1. Deactivate Your Account(s) At Heritage Bank of Commerce

2. Choose **Tools** menu > **Account List**.

3. Click the **Edit** or **Edit Details** button of the account you want to deactivate.

4. In the **Account Details** dialog, click on the **Online Services** tab.

5. Click **Deactivate** or **Remove from One Step Update**. Follow the prompts to confirm the deactivation.
NOTE: The name of the buttons referenced above may vary depending on the services you currently use and the version of Quicken you are using.

6. Click on the General or General Information tab. Remove the Account Number.

7. Remove the name of the Financial Institution. Click OK to close the window.

8. Repeat steps 3- 7 for each account at ***Heritage Bank of Commerce***.

9. Re-activate Your Account(s) at Heritage Bank of Commerce NEW.

10. Open the account register that you want to enable for online account access.

11. Choose Account Actions menu > Set Up Online.

12. Enter ***Heritage Bank of Commerce NEW*** and click Next.

13. Type your User ID and Password. Click Connect.

NOTE: You may be presented with a security question from your Financial Institutions prior to receiving your accounts.
14. Ensure you associate the account to the appropriate account already listed in Quicken. You will want to select **Link** or **Exists in Quicken** and select the matching accounts in the drop-down menu.

IMPORTANT: Do NOT select New or Add In Quicken. If you are presented with accounts you do not want to track in this data file, select Ignore – Don't Download into Quicken.
15. After all accounts have been matched, click **Next**.

You will receive confirmation that your account(s) have been added.

16. Click **Done** or **Finish**.

Thank you for making these important changes!
